The Downtown Council of Kansas City (DTC) is a nonprofit, member-based organization that has been devoted for 30 years to the belief that a healthy, vibrant and economically vital Downtown is central to the success of the entire region. Every priority, every project that captures the DTC's attention is measured by this standard.

The Downtown Council and its stakeholders focus their efforts on making sure Downtown works. That work – the daily, behind-the-scenes efforts to build physical, emotional and intellectual infrastructure – sets the stage for the next grand triumphs for Downtown.
